

Cottonwood Heights

Weekly Update for Sept. 24-30, 2017

Administrative Services

1. Council Member Mike Peterson and Bryce Haderlie made a presentation to the TACC Committee for two projects on Friday, Sept. 30. One was for three new pickleball courts at Butler Park and the second was for a restroom expansion and shade structures at Mountview Park.

Emergency Management:

1. Kicked off the revised Community Emergency Management Meeting format. We now meet at 6pm every third Tuesday of the month.
2. Each monthly meeting will include updates from the city and a focus topic for the following month. Materials will be handed out and discussed so participants can take material back to their precincts and districts for residents.
3. October focus is Smoke Detectors - this coincides with fire prevention week.
4. November - Protecting Infrastructure
5. December - Holiday Safety and CPR Awareness
6. Materials distributed in meetings will also be available on the Emergency Management Website for the city.

Information Technology

1. Kudos to Matt and Sgt. Shosted for working together to get almost 50 laptop computers ready for our officers in record time. Matt also discovered a way to save approx., \$28,000 in anticipated software updates in the process. (See pictures below)

Public Works

Highland Drive Overlay Project

1. Staker is ready to start our asphalt overlay on Highland Dr.
2. Variable message boards were set up yesterday to alert drivers to the upcoming work, and fliers are being delivered today to residents and businesses.
3. Starting Thursday Sept. 28th crews will be out to start the work of lowering the manholes prior to the milling.
4. Oct. 2nd. Crews will start the milling and overlay and will continue until its completion.
5. Weather can change this schedule if we have rain or snow.
6. Motorists should expect changes to traffic patterns and delays in their commute.
7. The affected area is from Bengal Blvd. to Creek Rd. along Highland Dr.

Police

1. This is Officer Sara Widmann's last week before taking an LEO Pilot job in Florida.

2. Four officers from CHPD assisted U of U police with crowd control at the Ben Shapiro lecture on Wednesday.
3. The new computers have arrived and are being deployed in the cars. They are compatible with the new Hexagon System.
4. Bus benches appeared in our city but the owners contacted and the benches removed. Thank you to Public Works for their help.
5. School bus accident, vehicle crashed into parked car with only 1 student left to drop off. No injuries.
6. Lt Bartlett and Detective Bailey responded on the Officer Involved Critical Incident in the city.
7. Agency Assist, 1871 E Village Road, S.L. County Constable's Office. Holmquist Family evicted and left without incident the Holmquist's have 15 days to remove personal items.

Community Development

1. Even Stevens officially celebrated its grand opening with a ribbon cutting on Sept. 27.
2. The city's first Business Awards Luncheon will be held on Thursday, Oct. 5 in the community room.
3. We had an Open Space Open House on the 28th that was well attended (pictures attached)

Engineering

1. The fuel island and striping at the public works yard on 3000 East are complete. Attached are pictures of the completed work
2. Letters of Intent for WFRC projects are due on October 30th.
3. The following public works construction projects are underway in the city
 - a. Striping Arterial roads in Cottonwood Heights
 - b. Crack Seal on Fort Union Boulevard
 - c. Overlay Reconstruction on Highland Drive
